Harry Hints He Won't Run

Refuses To Talk About '52 Campaign

Washington, Aug. 25—(AP)—President Truman hinted smilingly today that he won't run in 1952, but he refused to be nailed down definitely on his plans.

The most he would say is that he may take the stump for Democratic congressional candidates in the 1950 elections. That is, he added, after the nominations are made and when the chips are down. He has said repeatedly he would not take part in primaries, except maybe in his home state of Missouri.

Mr. Truman also told his news conference that military payroll and installation cuts ordered by Secretary of Defense Johnson were on direct instructions from him.

He said he would not be deterred by some lawmakers who have been yelling the loudest for economy—are now protesting the defensive savings. But Mr. Truman said emphatically he would not be deterred in the slightest by such howls. He said the original plan for military reorganization had economy in mind and he expects to achieve that economy.

The President's political future came in for discussion when a reporter recalled a short speech Mr. Truman made earlier in the day the newsmen said it sounded as if he would not be a candidate in 1952.

Grimacing, Mr. Truman acknowledged that was the implication he intended. (He had told a group of teen-age girls that he could not promise any appointments five years from now "because that is a year or two beyond the time when my term will expire.")

"But you're going to be a candidate, aren't you?" another newsmen asked. The President said he would answer that when the time comes. He added he is not in the position of President Coolidge who said in 1927 "I do not choose to run."

May Campaign For Demos
A reporter said that Attorney General McGrath in a speech last night had hinted that the President might make a personal campaign next year for congressional candidates of his party.

That is a possibility, Mr. Truman affirmed. He added he may go out on the stump and not confine his activity to Missouri, but not until after all nominations are made.

To a query whether he would enter Ohio, where the Democrats will make a determined effort to defeat Senator Taft, he said he would not answer such specific questions. Reporters will have to wait to see how things develop.

The exchange on government economy followed a reference to Secretary Johnson's order dismissing 135,000 civilian employees of the defense department and closing many military installations.

An observation that the protests against such cuts were coming from congressional economy advocates brought a broad smile from Mr. Truman. He said in Congress it's a solid rule that economy should be in the other fellow's district, not in mine.

Remind Motorists Driver's Licenses Now One Dollar

Springfield, Ill., Aug. 25—(AP)—Secretary of State Edward J. Barrett reminded Illinois motorists today that drivers' licenses in Illinois are now \$1.00 instead of the former 50 cents.

"Many motorists apparently are unaware that the recent amendment passed by the 66th General Assembly increasing the operators license fee already is in effect," Secretary Barrett announced. He said his office was receiving many applications accompanied by an insufficient remittance.

The secretary urged persons who are about to apply for a driver's license, temporary instruction permit, duplicate license or renewal, to be sure to send a dollar in the form of a check or a money order. Otherwise, Barrett said the application must be returned for the correct fee thereby causing delay in issuance of the license.

The legislature in passing the amendment for the higher fee, and the governor, in signing it followed the specific recommendations set forth by the Illinois Highway and Traffic Problems Commission, which was created by the 65th General Assembly.

The new fee, the Secretary said, applies to new drivers' licenses, renewals, temporary instruction permits and duplicate licenses and does not apply to chauffeur registrations.

Chicago Area Gas Strike Spreading To Joliet Drivers

Joliet, Ill., Aug. 25—(AP)—Police today arrested five men who they said let the air out of the tires of a Standard oil delivery truck in the Joliet downtown district.

Meanwhile, a Chicago area gasoline truck drivers strike spread to all Texaco stations in Joliet, and Shell and Phillips 66 stations were closed by their operators because of lack of supplies. A total of some 35 of 100 Joliet gas stations were closed tonight, and most others were limiting customers to five gallons per car.

The five men charged with disorderly conduct are Roy Manning, 26, of Aurora, and Raymond Cramer, 31, of Coal City, both members of Chicago local 705 of the striking AFL Teamsters' union; and Stanley Suski, 32, of Lockport; Arthur Hoffman, 41, of Lemont, and Charles Radawich, 36, of Chicago, all members of Joliet Local 179.

The men were released on \$500 bond each and their hearing set for Monday in city police court.

Says New Guided Missile To Protect B-36 From Jets

Washington, Aug. 25—(AP)—Dr. Karl T. Compton said tonight that the United States is developing an "exceedingly important" guided missile which the B-36 can use to protect itself against speedy jet fighters.

Compton, chairman of the defense department's research and development board, spoke with Sumner T. Pike, commissioner of the U. S. Atomic Energy Commission, over CBS.

Compton said his board is supervising research on four general classes of guided missiles that "are in various stages of development."

He described as exceedingly important the "air to air" missile, "which may well become the principal artillery of air combat."

The speed of jet fighters gives them both an offensive and defensive advantage over the larger and slower bombers, he said.

Chicago Gas Strike May Curtail Food, Milk Deliveries

Chicago, Aug. 25—(AP)—Curtailed delivery of food and milk deliveries in the Chicago area appeared likely today unless the 15-day-old strike of AFL gasoline truck drivers is settled soon.

The city's food distributors voiced gloomy predictions of restricted delivery of foods as effects of dwindling gasoline and fuel oil supplies spread.

Negotiations between unions representing about 1,600 striking drivers and major oil companies continued today, but there was little to indicate that any agreement could be expected soon.

A spokesman for the Bowman Dairy company, one of Chicago's largest, said it has on hand only enough gasoline to make regular deliveries tomorrow. After that, he said, delivery trucks may be forced off the streets.

The spokesman said some deliveries may be made on the south side of the city with horse-drawn trucks. The company has no facilities for horses in other sections of the city.

Soviet, Iranian Soldiers Clash

Tehran, Iran, Aug. 25—(AP)—A military informant said today Russian and Iranian troops exchanged fire for about five hours last Sunday when Soviet soldiers attacked an Iranian army post.

The clash occurred when a considerable number of Russian troops made a foray into Khorasan province in northeastern Iran, the informant said.

Medina Denies Demands Of Reds For A Mistrial

New York, Aug. 25—(AP)—Federal Judge Harold R. Medina today denied the demands of defense counsel for a mistrial in the eight-month-old communist conspiracy trial.

At the same time, the court refused to disqualify juror Russell Janney, 65-year-old best-seller author and theatrical producer, whom the defense accused of anti-communist bias.

Medina announced his decision to the packed courtroom after having the two motions under advisement since yesterday.

After announcing his decision, Judge Medina said that since the defense had entered its motion for a mistrial he had been besieged by a flood of thousands of telegrams from all parts of the country.

Pointing out that it was "utterly improper for others by any means

Hurricane Twists Within 350 Miles Of Florida Coast

Miami, Fla., Aug. 25—(AP)—A weird hurricane twisted toward the South Florida coast tonight and at 7 p.m. (CST) was only 350 miles from Miami.

The weather bureau said in a press and radio bulletin that the quickly still-forming storm was east-southeast of the resort city, moving west northwest at about 15 miles per hour.

It passed slightly to the north of San Salvador or Watling Island and maximum winds to the north and east of the center were estimated at over 100 miles an hour.

Winds also are increasing on the weaker side of the storm. Cat Island, Bahamas, reported winds of 50 miles per hour while the center of the doughnut-shaped hurricane was 60 miles away.

Chief storm forecaster Grady Norton said storm warnings were ordered along the Florida coast from Melbourne to Key West because of a northeaster and winds on the coast will remain strong and increase as the storm moves through the northern Bahamas.

House Will Recess September 21; Not Following Senate

Washington, Aug. 25—(AP)—The House is going to recess until September 21 whether the senate likes it or not.

The vacation-bound representatives passed their own recess resolution today, in a form that does not require senate approval. Merely to meet requirements, token sessions will be held each Tuesday and Friday, with the only allowable business motion to adjourn.

Speaker Sam Rayburn made it clear that the senate couldn't keep the House in session by its action yesterday in rejecting a resolution which would have authorized a three and a half week end-of-summer vacation for the House alone.

"We are going away anyhow," Rayburn said.

To do so, the representatives will have to fudge a little on the constitutional requirement that neither House adjourn for more than three days without the other's consent.

They will get around this by having four or five members gather twice a week, go through the formalities of convening, then adjourn at once without doing any business. It's been done before.

Health Dept. Sees First Sign Of Polio Wave Break

Springfield, Ill., Aug. 25—(AP)—The first sign of a break in the wave of Illinois polio cases was noted today by the state health department.

A department official said the number of cases so far this week is lagging behind last week, indicating that the leveling off period is beginning to set in. Previously, cases had climbed steadily each week since July 1.

Fifty-one new outbreaks reported today increased the state total to 1,429. Deaths have passed the 100 mark. One of the latest fatalities was William P. Hedrick, 27, who died in Decatur after an illness of 10 days.

Meanwhile, three schools in Enfield, Ill., with 500 pupils postponed reopening of classes on Aug. 29 because of polio.

But the state health director, Dr. Roland R. Cross, said that fall school terms should not be delayed.

House Strikes Out Anti-Segregation In Housing Bill

Washington, Aug. 25—(AP)—Reversing itself, the House today killed an anti-segregation amendment, and then passed a bill providing \$3,750,000 additional mortgage insurance to aid home building by modest income families.

The measure the chamber approved overwhelmingly was a compromise that struck out, not only the civil rights clause, but also \$300,000,000 in direct housing loans for veterans.

Then, in a double-barreled move, intended to assure no let-up in the 1,000,000-plus a year rate of home construction, the House approved a separate "stop-gap" housing bill. This is for the senate to act upon in case that body hasn't time now to consider the big bill embracing the long-term program.

Both measures expand mortgage insurance. The stop-gap measure would authorize \$500,000,000 additional insurance, against \$3,750,000,000 in the big bill.

Navy Critic Says He Was All Wrong

Washington, Aug. 25—(AP)—The B-36 bomber investigation blew up with a dramatic bang today as a navy critic of the billion dollar deal confessed he was all wrong, and a house committee exonerated defense officials of any fraud, collusion or dishonesty.

Weeks of rumors and charges of political chicanery were sponged off the books with startling suddenness when:

1. A suspended navy official, Cedric Worth, who started the whole thing with a sensational anonymous memorandum, admitted he had made a "great error."

2. The House Armed Services committee voted unanimously that its weeks of hearings had found no evidence to "support the insinuation that fraud, influence, collusion, corruption, dishonesty, or favoritism had any part in the B-36 procurement program."

These were the words of Chairman Vinson (R-Ga.) which the members quickly endorsed.

Van Zandt Approves
Voting with Vinson was Rep. Van Zandt (R-Pa.) who had touched off the inquiry with a speech in the House calling for an investigation of "disturbing reports" concerning Defense Secretary Johnson, Air Secretary Symington and Floyd Odom, financier whose Atlas corporation controls the company making the B-36.

The highly publicized super-bombers, counted upon to deliver the atom bomb to the enemy in case of war, are costing over a billion dollars. The charges included: (1) That the plane was obsolete; (2) That Odom made great campaign gifts to the Truman cause when Johnson was fundraiser last year; (3) That Symington might quit to take a big job under Odom.

Late in the day Navy Secretary Francis P. Matthews announced that a court of inquiry under Admiral Thomas C. Klumick, will convene here Aug. 29 to investigate the circumstances surrounding the preparation of the anonymous memorandum which touched off the congressional investigation.

Everyone Cleared
Van Zandt told reporters every body mentioned in the inquiry so far has been cleared and "that is exactly as it should be."

The hearings, he said, have "cleared the air" just as he contemplated in a resolution asking for an investigation. He said it was up to congress to find out if there was anything wrong and correct it if there was.

After today's extraordinary committee session, Joseph B. Kennan, committee counsel, told reporters he thinks the charges Worth spread come from other and higher places. "The area of infection is wider and deeper," he said.

During the hearings, Johnson and Symington had blasted all suggestions of irregularities in their dealings with the giant, six-engined atom bomb carrier.

Today it was Odom's turn. Testifying, he said:

"There is not one rivet of politics in the B-36. There is not one ounce of special favoritism in its more than 300,000 pounds of loaded weight."

"The innuendoes and insinuations concerning the B-36 order that caused this investigation by your committee are completely baseless."

"During my more than 30 years of business life I have never once either asked for or received a business favor from any political official."

Czechs Charge US Ruined Slovaks Fight With Nazis

Prague, Czechoslovakia, Aug. 25—(AP)—Czechoslovak communists accused the U. S. and Britain today of trying to keep the Russian army out of western Europe by sabotaging the 1944 Slovak uprising against the Germans.

The Slovak Communist party newspaper, Pravda, said the uprising, led by communist partisans in conjunction with the Red army, was hampered by the Americans, the British and the wartime Czech government-in-exile in London.

The paper claimed the Russians parachuted "all kinds of weapons and ammunition to the partisans. It said the Anglo-American air forces made no bombing raids x x x during the uprising although they had been supplied with detailed maps and requests for raids on specified targets."

Brannan Sends His Farm Program On Tour Of Nation

Washington, Aug. 25—(AP)—Secretary of Agriculture Brannan sent his farm price subsidy proposal out on the road today in the hope that farmers will give it a warmer reception than it got in congress.

He is looking toward next year's session, and the 1950 and 1952 political campaigns.

His salesmen are key Democratic party officials from 16 midwestern and western states. They had come here for a meeting of the Democratic National committee. Brannan gave them a pep talk this morning.

Brannan said he is pretty sure the farmers will approve his plan as soon as they understand it. He didn't say whether that was the reason congress hasn't approved it. Some of the biggest farmer organizations have given it a chilly reception, too.

The nub of Brannan's plan is a "fair return" for the farmers and

Split Between State Righters, Demos Still Wide

Washington, Aug. 25—(AP)—The split between administration and southern states' rights Democrats over civil rights appeared as wide as ever today despite a peace bid from President Truman.

The President last night invited the southern bolters to come back into what he called a Democratic "National Party." But he said they must be ready to go along with the 1948 platform—which included the civil rights plank that brought about the Dixie revolt.

This was no peace bid at all, some states' righters said today. They made it plain that they had terms too, but that they were strictly against federal interference in what they regard as state problems. Civil rights, they said, still must be dealt with on a state basis.

Louisiana, Mississippi, Alabama and South Carolina joined last year in giving their electoral vote to the state's rights candidates, Govs. J. Strom Thurmond of South Carolina and Fielding Wright of Mississippi.

Chinese Reds Said To Be Within 140 Miles Of Canton

Canton, China, Aug. 25—(AP)—The communists were reported threatening points within 140 miles northeast of Canton tonight, but a Chinese nationalist spokesman said they wouldn't dare to go far because of government gains on the western flank.

Unofficial reports said the Reds led by one-eyed Gen. Liu Po-Cheng were thrusting at Kienan (Chienan), Lungnan and Tingnan, all within 140 miles of Canton on a 35-mile arc.

No details were given, but there was speculation that the communists were aiming at Kungong, on the Canton railway 125 miles north of Canton and 60 miles west of the reported Red positions. This would force nationalist armies farther north to retreat or risk encirclement.

Relatives Guided To Asphyxiated Family By Letter

Belle Plaine, Iowa, Aug. 25—(AP)—A special delivery letter today guided relatives to a lonely spot near here where four members of a family were found asphyxiated in an automobile.

A coroner termed it a "suicide pact."

The dead were Mr. and Mrs. Millard Parcel of Chicago and their two children, Keith, 7, and Kathy, 4. Parcel was 28 and his wife 25.

Mr. and Mrs. Charles Parcel, Belle Plaine, brother and sister-in-law of the dead man, found the bodies. They said they knew of no explanation for the tragedy.

Benton County Coroner John Burrows said a piece of flexible tubing had ran from the car's exhaust into the back seat.

Burrows said Parcel and his wife were sitting in the front seat with Parcel's arm around his wife's shoulders. The children were in the rear of the car with their toys and an open box of cookies.

Charles Parcel received the registered letter this morning. It said: "You'll find us just north of the apple orchard in the bluff."

Mrs. Parcel said the Chicago parcels arrived to pick up their daughter, who had been vacationing with her grandparents.

Report Two U.S. College Boys Being Held By Russians

New York, Aug. 25—(AP)—Two American college boys are being held as hostages by the Russians in the Soviet zone of Germany, a relative of one of them said today.

The boys, Warren Oelsner, 20, of Oyster Bay, N.Y., and Peter H. Sellers, 18, of Philadelphia disappeared July 30 while bicycling in the British zone near the Soviet border.

Edward C. Oelsner, Jr., a New York steamship operator and brother of Warren, said the State department has informed him that the boys fell into Russian hands.

In Washington the State department said it was making every effort to secure the release of the youths. A department spokesman said the pair apparently crossed into the Soviet zone despite a warning from German police in the British zone that it would be dangerous.

New York Paper Reports Bones Of St. Peter Found

Vatican City, Aug. 25—(AP)—An American newspaper's report that St. Peter's bones have been found in a forgotten tomb under St. Peter's Basilica has stirred deep excitement here.

The New York Times reported Aug. 22 in a Rome Dispatch dated Aug. 7 that the bones of the famed apostle—revered by Roman Catholics as the first Pope of their church—were understood to have been found less than 20 feet under the main altar of the Basilica.

The newspaper said discoverers of the relics have been sworn to secrecy but quoted Vatican circles as saying Pope Pius XII himself was guarding the bones in an urn in his private chapel.

A Vatican source unofficially labeled the report "fantastic."

On Aug. 23, the New York Times said "the secret had been so well kept that only Pope Pius XII and not more than half a dozen top Vatican officials were aware of the discovery."

The Rome Press feverishly speculated on the report which, if confirmed, would be regarded as even stronger evidence of the Roman Catholic church's traditional teaching that the present day Popes are direct successors of St. Peter.

Named To Public Aid Commission

Springfield, Ill., Aug. 25—(AP)—Henry F. Tenney of Chicago and Herman Lisse of Kincaid were named today to the Illinois public aid commission.

Tenney, 59, is a lawyer and a trustee of the University of Chicago and Wesley Memorial hospital. Lisse, 44, is an executive board member of the Illinois United Mine Workers union.

Says Vaughan Let Maragon Take Trip

Washington, Aug. 25—(AP)—Maj. Gen. Harry Vaughan used President Truman's name to ease the way for a perfunctory trip to Europe planned by John Maragon, senators were told today.

The president's military aide informed the state department in 1945 that Mr. Truman was "personally interested" in seeing that a passport was given for Maragon, the fabulous ex-shineboy who once sported a White House pass.

Although Mr. Truman's name was brought into the Senate investigations subcommittee hearing, the president still refused to make any comment.

He told his news conference what he'd said previously: No comment until Vaughan has had a chance to have his say.

Vaughan wasn't the only one to use Mr. Truman's name. Ed Pauley, then Mr. Truman's reparations commissioner, once started a letter:

"This will introduce Johnny Maragon, who is not only a good friend of mine, but also the president's."

The committee also heard:

1. That Vaughan, the president's army aide, once wrote a letter of introduction for David Bennett, Chicago perfumer, who managed to get to Paris only three days after V-E Day.

Less than three days after Bennett's return deep freezers were sent to Vaughan and to Mrs. Truman at the "Little White House" in Independence, Mo. Vaughan has acknowledged that Bennett paid for the freezers.

2. That Maragon once claimed an \$8,000 fee for work which he said he did for Trans-American Traders, Inc., which dealt in surplus war goods.

Maragon, in a closed hearing, has sworn that he never took any money from firms trying to do business with the government.

3. That Maragon paid a \$1,145 penalty on perfume he tried to bring into this country labeled as champagne, bound for the White House.

Francis Flanagan, committee lawyer, read into the record a letter Vaughan wrote the state department in August, 1945. In this, Vaughan said Maragon wanted to go to Italy as a representative of the Albert Verley perfume company—the firm that Bennett heads.

The committee had heard earlier that Maragon had gone to Paris for the same firm in July, 1945.

U.S. Tags 22 More Areas As Critical Jobless Districts

Washington, Aug. 25—(AP)—The government tonight tagged 22 more areas of the nation as having a critical unemployment problem meriting special federal aid.

This boosted the list to 32. The labor department announcement said that the increase does not itself mean a boost in joblessness but only that the government's search for such areas has been wide.

Under President Truman's plan, areas hardest hit by unemployment are eligible for special consideration in the award of government contracts, construction projects, business and building loans and grants.

One technique being used to aid critical areas in increasing jobs, it was learned, is making sure that procurement agencies invite bidders from the hard hit areas to compete for government business.

U.S. Military Head In Reich Resigns

Frankfurt, Germany, Aug. 25—(AP)—An official of the U.S. military government said today he was resigning and returning to the United States.

A native of Wren, Ohio, Wertz formerly served with the war manpower commission in Washington, and as associate director of the Illinois state employment agency.

"DOUBLE-ENTRIES" IN HIGH PLACES
Maj. Gen. Alden H. Waitt, suspended chief of the Army Chemical Corps, now has confirmed by his own Senate committee testimony that he dictated a secret memorandum branding as incompetent eight men who were eligible to succeed him.
He says he prepared this document in the office of James V. Hunt, alleged peddler of influence among government officials. It was turned over to Maj. Gen. Harry Vaughan, President Truman's military aide, presumably for the guidance of the President in picking a successor.
Waitt declares this memo was his "honest evaluation" of his subordinates. But it was in violent contrast to the praise-worthy accounts he set forth in official Army "fitness" reports on these same officers.
Furthermore, he says he sat as one member of an Army appointment board which recommended three officers as his successor, including two of the eight he had secretly criticized.
This strange resort to a sort of "double entry" system of appraisal, this combination of out-in-the-open maneuvers and behind-the-scenes techniques is perhaps the most shocking revelation yet to come out of the "five per center" inquiry in Washington.
The "double entry" evidence was what led Secretary of Army Gordon Gray to suspend Waitt, and we think with good reason. Waitt will not find it easy to convince authorities in the Department of Defense that he should ever get his old job back.
Apparently that is what he wanted most—another four-year term. And he may actually have been the best man for the post. But his devious methods of soliciting favorable consideration ought to have eliminated him permanently as a possibility.
Of course there was more to the incident than simply Waitt's ambition to stay in office. He has confessed to the committee that he was using his influence to "expedite" a contract desired by one of Hunt's clients. That Hunt and Vaughan were closely linked with Waitt's job maneuver makes it particularly questionable, for testimony has thrust them both deep in the influence game.
We cannot stop at merely deploring the activities of these wielders of influence. It is more important to understand them and the atmosphere that produced them.
Are we dealing here with weak figures of men? Or are we seeing the corrosive effect of power—power perhaps held too long by one group? The nation needs to know. The true story of the five per centers, set in its full framework, may govern voters in elections to come in 1952 and beyond.
For if these are indeed the corruptions of power, the American people might decide that Thomas Jefferson's idea about rotation in office is pretty sound stuff.

ACE GETS THE POINT, NOW—The next time Ace, a 2-year-old boxer, roams the woods near his West Branch, Mich., home, he'll steer clear of those harmless-looking little animals that humans call porcupines. He made a pass at one recently with the result seen above—his face almost completely obscured by the porcupine's sharp quills. Dr. Robert Rea, who is removing them, says Ace will live—a sadder and wiser pup.

Pa, Too, Should Get Time Off For Babies

By Ed Creagh (For Hal Boyle)

New York, Aug. 26—(P)—Maternity leaves? Sure. But why not get really practical about this business of having babies? Why not time off for fathers, too?
This almost became a burning issue yesterday. A newspaper in Kentucky heard that a union in New England was demanding maternity leaves for workers—male workers, of course—and the news wires quivered with anxiety while New Haven checked.
But before long the report came back: Nothing to the story. No break in prospect for the old man. Another golden opportunity gone glimmering down the drain.
Would Top List
If Phil Murray, John L. Lewis and the boys want my advice (and you should see them jamming the ante-room begging for my advice) they will put paid pre-natal preparedness periods for papas at the top of their 1950 want list.
And big business (you think babies are not big business?) will still just long enough to make it convincing, and then will give in with a secret sigh of relief.
The truth is that a man who's expecting a baby isn't worth the powder (the baby powder, that is) to blow him to work.
His company loses a couple of hundred dollars every time he shows up at the office.
Dead Weight
He's a dead weight on the payroll. He does nothing but burn cigarettes and sneak out to the telephone. If he does force himself to turn out a little work he creates such a snarl that two other fellows have to spend a week untangling it.
Heaven help the stockholders if one of those other two men should also be an expectant father.
You may know more about this than I do, since I've only been through the mill once. And I didn't get jittery. Not at all. The show must go on, you know.
Oh, there was the time when I wrote something like:
Bulletin
Washington, July 14—(P)—The National Labor Pains Board ruled today, etc.
Of course I meant the National Labor Relations Board. Perfectly natural mistake. Could happen to anyone.
Relief Necessary
But for less stoical fathers (and there will be no rude jokes about the stork being the bird that brings babies) some relief is clearly necessary.
Mothers, now—they get the best of everything. Hospitals. Doctors. Hand-holding. That now-you-must go on, you know.
The next meeting will be held at the home of Mrs. Harriet McClellan, with Mrs. Lou Baird as assistant hostess.

Silent Auction Highlights WSCS Meeting at Naples

Naples—A silent auction held during the social period was the highlight of the W.S.C.S. meeting which took place at the home of Mrs. Jennie Hatfield.
The meeting was attended by 11 members and four guests. Roll call was answered with a Bible verse containing the word, blessed. Devotions were led by Mrs. Julia Hatfield.
Refreshments were served by the hostess, assisted by Mrs. Julia Hatfield.
The next meeting will be held at the home of Mrs. Harriet McClellan, with Mrs. Lou Baird as assistant hostess.

Freshman Day Sept. 1 At Jacksonville High

Freshman Day will be observed at Jacksonville High school on Thursday, Sept. 1. Upperclassmen will not report for school until the following day, Friday, Sept. 2. The purpose of the special day for Freshmen is to give these students a chance to become acquainted with the teachers, classrooms and the school organization at a time when the building is not crowded with upperclassmen.

Members of the Student Council under the direction of Principal John Agger and their advisors, John May and French Flynn, have made plans to assist the freshmen during the opening day's activities. Student Council members will welcome the freshmen and direct them to their home rooms. They will serve as guides during the day. Jo Ann Winstead, council president, will welcome the students to J.H.S. and explain the operation of the student council at the opening day's assembly. Other officers of the student council are Ruel Becker, Sally Davidmeyer and Bob Brown.

School will begin at 8:30 a. m. on Freshman day and will close at noon. The afternoon will be used for program adjustments, obtaining locker assignments, renting books and getting activity tickets. Home room teachers will be in their rooms to help students.

Detachment of Waverly School Area Sustained

Vernon L. Nickell, state superintendent of public instruction on Wednesday upheld a decision of I. K. Juergensmeyer, county superintendent of schools of Macoupin county, detaching school territory from Waverly Community Unit district 6 in Morgan and Macoupin counties and annexing it to Virden Community Unit district 4.

Nickell's report on a petition objecting to the boundary changes was sent to W. O. Withrow, county superintendent of schools in Sangamon county, and superintendents of other counties involved.

The area involved in the transfer comprises all of sections 24, 25, 26, 27, 28, 33, 34, 35 and 36 and parts of sections 20, 22, 23, 29 and 32 of township 13, range 7 in Macoupin and Morgan counties.

Several citizens in the two counties had objections to the detachment on grounds that to be lawfully carried out, superintendents in both counties would have to take concurrent action. Juergensmeyer issued the order of detachment last spring without the similar action of the Morgan county superintendent.

The group also protested that no petition requesting the annexation could be acted on until July 1, this year, date the Virden district was to become operative.

Nickell withheld his decision until a few days ago, pending the decision of a circuit court in Rock Island county to which a similar case had been appealed. The court upheld the decision of a county superintendent in that part of the state which ordered a detachment of school territory.

GRAINS SHOW LITTLE CHANGE

Chicago, Aug. 25—(P)—Grains loaded through another session of small price changes on the Board of Trade today.
A mild buying flurry around midday in the session faded out almost as soon as it started. It was sufficient to erase early losses in wheat, substituting small gains, but later the bread cereal fell back to around the previous close.
Corn acted a little firmer than anything else and soybeans a little weaker.
Receipts were: wheat 11 cars, corn 59, oats 23, rye 1, barley 7, soybeans 15.
Wheat closed 1 1/2 lower to 1 higher. September \$2.01 1/2, corn was unchanged to 1/2 higher, September \$1.24 1/2-1, oats were 1-1/2 lower, September 66 1/2-1, rye was 1-1/2 lower, September \$1.44 1/2, soybeans were 2 1/2 to 4 cents lower, November \$2.42-2.41 1/2, and lard was 20 to 30 cents a hundred pounds lower, September \$12.40.

New York Stock Market

New York, Aug. 25—(P)—A slender string of demand tugged the stock market forward today.
Advances ranged to around a point although the great majority moved in minor fractions. At the same time a liberal sprinkling of stocks either remaindered at Wednesday's final levels or backed down a bit.
Higher were U. S. Steel, Chrysler, Goodrich, Sears Roebuck and Schenley.
Corporate bonds held steady.

Thirty Men Report At Winchester For Football Squad

Winchester—Thirty aspirants to the starting eleven of the 1949 edition of Winchester high school football reported today to Coach E. H. Posey. The opening practice session was held at the high school field Thursday morning with the main activity consisting of running and conditioning exercises and no contact work.

Coach Posey has eight returning lettermen: Phil Nash, Dan Drummond, Don Andell and Carl Burns are returning backfield men with Bud Patterson, Dan Lashmet, Don Greenwalt and Albert Hornbeck, back to bolster the line.

At the opening of school next week, it is believed at least twenty more will join the squad. After a quick look at his charges, Posey hesitates to make any prediction for the Wildcats this fall; however, despite the absence of any big men, he is confident of fielding a "scrappy" bunch.

Boys reporting Thursday morning were: Phil Nash, Carl Burns, Bob Cummings, Loren Barber, Allen Ingram, Bud Patterson, Bob Plaugher, Ronnie Moore, Clifford King, Dan Drummond, Kenneth Beckman, Don Andell, Jack Gidney, John Blair, Allen Dill, Ralph Reynolds, Don Greenwalt, Harvey Cockerill, Russell Schofield, Bill Hart, Jack Lashmet, Bob Land, Vestel Yates, Don Lashmet, Dan Lashmet, Lucien Nash, Ralph Edwards, Reg Lashmet, Lee Tipword, and Jim McDade.

In ancient times pearls were symbols of sorrow. They were believed to be tears of God.

TO ARKANSAS

A. D. (RED) RUYLE

The outstanding center candidate for Arkansas State college this fall is a former Roodhouse athlete, A. D. "Red" Ruyle. This husky has won two letters in football at the Jonesboro, Ark., college in his first two years there. He will be in the middle of the line in the first game of the season, according to word received from Coach Forrest "Frosty" England, former coach at Waverly and Jacksonville high schools.

Ruyle led the Railroaders of Coach Mason Campbell to a co-championship in the Ivy football race in 1948. Another star football player the last four years at Roodhouse high, Lawrence "Sam" Ballard, will accompany Ruyle to Arkansas State college. They will leave Roodhouse August 28 and report for practice August 30.

B YJOHN CAMPBELL

Coach Paul Stroud of Routh high school has listed his 1949-50 basketball team with the following games: Dec. 2—Open; Dec. 6—Perry here; Dec. 9—Mt. Fred Bradshaw is the new coach at Auburn high and has eight returning lettermen back in football at the Sangamon County high school. Auburn plays here with Illinois School for Deaf on Nov. 5, a new team for the Tigers this season. Coach Bradshaw is a native of Carmel and graduated at Millikin U. He coached the last two seasons at Illinois high school. The past few months he has been attending Summer sessions at the U. of Michigan.

The only undefeated basketball team in Illinois high school prep circles to survive the gruelling tourney trail to the state title was Taylorville's Tornados in 1944, winner of 45 games. Jacksonville high lost to the strong Christian County club in the Springfield Sectional tourney, 72-27. Mark Dean coached a strong Crimston team that season that won the Winchester tourney.

Coach Paul Blakeman of Chapin high has several fine games arranged for his 1949-50 Bears at: Bluffs, Franklin, Bath, Ashland, Arenaville, Chambersburg, I.S.D., Mercedia, Routh, White Hall, Chandlerville, Tallula, Perry, New Berlin, Mt. Sterling, Winchester tourney and PMBO tourney. The returning lettermen at Chapin are: James Bonds, Robert Ommen, Donald Taylor, Kenneth Dunnaway, Ronald Taylor, James Verries, LaVerne Hacke, Albert Taylor and Robert Weber.

Coach Glenn C. Smith at Pittsfield Community high expects about 80 candidates out for football when school starts Sept. 1. The Saukees will have a big job of equaling the record of the 1949 Ivy champs with seven returning lettermen back at the Pike County seat high school. Captain Dick Zimmerman, Donald Beard, Stuart Peebles, 1948 regulars are returning lettermen along with David Nighbert, guard; Danny McCartney, tackle; Charles Ferguson, back and Andy Chapin, back.

Blacks will be available this year at Pittsfield for 1200 people thanks to the Pittsfield Lions Club, Rotary Club, American Legion and the high school. Melvin Kuethe is the new assistant coach. He formerly played under Coach Smith at Edwardsville high school. Kuethe is a graduate of Illinois State Normal U. with four letters in football. Pittsfield opens the 1949 season at Jacksonville high with the Crimsons September 16.

Important Ivy football games this season include the following attractions: Oct. 7—Jerseyville at Carrollton and Pittsfield at Roodhouse; Oct. 28—Pittsfield at Jerseyville; Oct. 27—White Hall at Greenfield; Nov. 10—Winchester at Pittsfield and Carrollton at Greenfield; Nov. 11—White Hall at Roodhouse and Pleasant Hill at Jerseyville. All conference games are important but the above named games are the ones with the most rivalry. Don't forget the Greenfield at Roodhouse game on the night of Oct. 21.

Cards Win To Gain On Dodgers Who Split Twinbill With Cubs

New York, Aug. 25—(P)—The St. Louis Cardinals increased their National league lead to a game and a half over the Brooklyn Dodgers tonight, beating the New York Giants, 5-2. Home runs by Stan Musial and Marty Marion featured the victory. The Dodgers split a double-header with Chicago.

George Munger, who went the distance for the Cards, hung up his 12th win. It was his first victory since he defeated the Giants on Aug. 5th. Both Giants runs were unearned as errors by Marty Marion and Tommy Glaviano came in order in the sixth to permit Sid Gordon and Joe Lafata to score.

Enos Slaughter drove in the first two Cardinals runs with a double, it followed a pass to Chuck Diering and Musial's double.

After Red Schoendienst walked in the sixth, Musial belted his 23rd homer.

Monte Kennedy, went seven frames for the Giants to suffer his 10th loss against 9 wins.

Marion's homer came off Adrian Zabala, in the ninth and was the only hit off the Giant reliever, who went the last two frames.

Bucs Win 5-1 Then Lose To Phils 4-2

Philadelphia, Aug. 25—(P)—Behind the eight-hit pitching of Robin Roberts, the Philadelphia Phillies defeated the Pittsburgh Pirates 4-2 under the lights tonight after the Bucs won the afternoon game 5-1 with all their runs coming in the fifth inning.

In the night game the Phils did all their scoring against Rookie Jim Walsh in the second and sixth innings.

A double by Del Ennis, Mike Goliat's single, a wild pitch and another single by Andy Seminick produced the first two runs. Dick Sisler's sixth home run of the year following Gran Hamner's single sent the other two across.

The Pirates parlayed two doubles, a single, a walk and Pete Castiglione's homer for all of their runs in the afternoon contest.

Tigers Edge Senators 2 To 1

Detroit, Aug. 25—(P)—Pitcher Virgil Trucks of the Detroit Tigers won his own ball game tonight when he singled home the winning run in the last of the ninth to edge the Washington Senators 2 to 1.

Trucks, who held the Senators to four hits, got three singles himself.

The Tigers, who now have a 14-4 season's edge over the Senators, got a winning rally started in the last of the ninth. Hoot Evers led off with a vicious grounder that took a bad hop and struck Washington third baseman Eddie Yost just below the right eye.

The bawled Yost and Evers reached first on the single. Players from both teams rushed to Yost's side and he was revived after a couple of minutes and taken to the Washington dugout. Mark Christman replaced him at third.

Burglar Arrested; Chips Are In Cuff

Quincy, Ill., Aug. 25—(P)—Letting the chips fall where they may proved the undoing of a would-be burglar today.

Police charged Melvin Haynes, 45, with burglary after they found chips of wood in his trouser cuffs.

A burglar had used a brace and bit and a keyhole saw to cut out a section of a grocery store door. A double lock, however, blocked the attempted break-in.

Athletics Whip Brownies 9 To 5

St. Louis, Aug. 25—(P)—The Philadelphia Athletics hit the jackpot in two big innings to score a 9 to 5 victory over the last-place St. Louis Browns in a slow, loosely-played game tonight.

A total of 22 hits, 15 bases on balls and a hit batsman were recorded in the box score of the nearly three-hour contest.

Alex Kellner, who will be 25 years old tomorrow, went the route to post his 16th victory and his sixth over the Browns. He had rough going at times, but solid backup support by his mates, especially Pete Suder, Ferris Fain, Elmer Valo and Joe Astroth, brought the Mackmen home in front for their fourth straight victory.

Yankees Blast Cleveland 6 To 3

Cleveland, Aug. 25—(P)—With Johnny Mize and Gene Woodling slapping home runs off Bob Feller, the New York Yankees tonight defeated the tottering Cleveland Indians, 6 to 3. The victory shoved Cleveland to six games behind league leading New York.

The Indians, losing their third straight, had an opportunity to recoup in the last of the ninth. With two out and the bases loaded, Joe Gordon went to bat and fanned.

Mize showed the Yankees and the 63,522 gloomy fans they made a good move in buying him from the New York Giants. Playing in the American league for the second time, he socked his first Yankee home run over the fence in right field and scored behind Tommy Henrich.

Boston, Aug. 25—(P)—Lefty Ken Raffensberger's double and Lloyd Morrison's three-base drive to right center field in the 10th inning tonight gave the Cincinnati Reds a 4-3 victory over the Boston Braves.

During the eighth, tribesman Tommy Holmes tried to break the 3-3 tie by stealing home and was ousted, for the first time in his eight-year major league career, for protesting Umpire Lon Warneke's unfavorable decision.

While breaking the Braves five-game winning streak in the opener of a three-game series, the Reds scored their other runs on a one-on-four homer by Grady Hatton in the fourth inning and Ted Kluszewski's drive over the left field wall in the seventh.

Blueboys Will Open Season Sept. 23 With Millikin At Night

BY JOHN CAMPBELL

Athletic Director Al Miller of Illinois College has announced the 1949 football chart for his Blueboys. The local collegians launch their 1949 season against the traditional rival from Millikin U. on the night of Friday, Sept. 23, at the Jacksonville High school athletic field.

Among the most promising fresh candidates for the team this year are Charles McKenzie of Georgetown, Art Pierard of Gillespie, Bill Long of Georgetown, Bill Brooks of Jacksonville, Tip Collier of Pittsfield, Dick Clark of Chicago, John Delapas of Chicago and Bill Turner of Danville.

Don Longner of Danville, a 6 ft. 4 in. lad, is the 1949 captain at end; Ralph Christison of White Hall will be a strong candidate for the other end position.

Jim and Sam Spink are returning for their fourth consecutive season at the tackle posts. These two stalwarts were the 1948 co-captains. Bill Gross, of Danville is the fullback returning for this year and he was All-Star in the tough Big 12 conference a few years ago. Bob Grove of Canton is the returning letterman at Quarterback. He was all-conference in basketball last season and he is vice president of the student body at I. C.

17 Lettermen Returning
Seventeen lettermen are returning at Illinois College, but that does not mean all positions are taken as Coach Miller has stressed that all positions are wide open at this time. All candidates who report for initial practice will be given an equal chance of playing football this fall for the Blueboys.

The most promising lettermen who will report to Coach Al Miller Sept. 6 are Dave Billings of Danville, backfield; Ralph Christison of White Hall, end; Bob Falkenberg of East Orange, N. J. end; George Florence of Jacksonville at guard; Bob Harshman of Pittsfield at guard; Jerry Lachinski of Evanston at center; Paul Lasley of Jacksonville at guard; Bill Mathews of Chicago at guard; Ed Ryan of Jacksonville at halfback; Bob Scheller of Chicago at quarterback; Jim Spink and Sam Spink of Jacksonville at tackles; Bob Grove of Canton at quarterback; and Bill Gross of Danville at fullback.

Prospects For Basketball
Illinois College has carded a tough basketball chart for 1949-50 and the Second Annual Illinois College Holiday tourney will highlight the schedule. Bill Shouse will return as a Junior standout for Coach Miller. He was placed on the first COI All-Star five last season. Coach Miller is counting on this Danville lad to lead the scoring for the Blueboys this season from his guard position. He is a fine rebounder and an excellent shot, with his long shots a specialty as rival teams will tell you. He has several outstanding Danville athletes with him in basketball including Don Longner, forward; Dave Billings, guard; Bob Murrin, center; and Bill Gross, fine guard. Barney Vilk is from Westville, the home town of Coach Miller. Miller played four years of high school football at that eastern Illinois high school.

Team Misses Joe Hill
The big loss at Illinois College in football was the graduation of Joe Hill, All-Conference halfback last season. He was the 1947 captain and led the Blueboys four years as a regular player. Art Wilson of Quincy will not be eligible at Illinois this fall and plenty of Frosh will be given their chances of making the varsity. The 1949 football chart follows: Sept. 23—Millikin at Jacksonville, night.

Oct. 1—Principia at Elmhurst.
Oct. 8—North Central at Jacksonville.
Oct. 15—Eureka at Eureka.
Oct. 22—McKendree at Jacksonville.
Oct. 29—Carthage at Carthage.
Nov. 5—Wabash at Crawfordsville, Ind.
Nov. 12—Augustana at Jacksonville.

Vern Stephens hit his 32nd home run for the Red Sox in getting three of the loser's five hits off young Billy Pierce.

The win was Chicago's fifty-first victory this year; matching the team's entire win record of last season. Altogether 17 walks were surrendered, three Boston pitchers allowing nine to Pierce's eight.

Australia's Davis Cup Stock Drops Several Points

BY JOHN CAMPBELL

Sidwell, in fact, was drawn to meet the American No. 1, Ted Schroeder, in the opening match, which means that the challengers almost certainly will be down 1-0 by mid-afternoon. Ted blasted the small Aussie 6-2, 6-1, 6-1 in last year's challenge round.

Tomorrow's second tilt will bring together the two young national champions, Pancho Gonzales from the U.S. and Frank Sedgman from Australia. Gonzales, back in fighting trim, will be favored to win it, though possibly after a close and exciting skirmish.

Australia will not name her doubles combination until after the first two singles have been played. Bromwich, a doubles giant for more than 10 years, will team either with Sidwell or Sedgman, probably the latter. Billy Talbot and Gardner Mulloy, who aided in last year's 5-0 rout of the aussies, will try it again for our side on Saturday.

Peg Kirk, Polly Riley Meet In Women's Golf

Chicago, Aug. 25—(P)—Peg Kirk of Findlay, Ohio, and Polly Riley, 1948 Curtis cup star from Fort Worth, Tex., continue their friendly golf rivalry tomorrow in the semifinals of the Women's Western Amateur tourney.

The two veterans of the tourney circuit will meet for the fifth competitive time. Both breezed through the quarterfinals today.

Miss Kirk, medalist with a course record of 73, eliminated Dot Ellis of Indianapolis, 8-7 in the most lopsided match of the meet thus far. They halved the first, third and fifth holes and Miss Kirk won the rest, being only two over Westmoreland's 76 standard for the 11 holes needed. Miss Ellis, 1948 Indiana State champion was 11 over.

Miss Riley, 1948 runner-up, displaced of Marjorie Lindsay, Illinois state champion from Decatur, 5-3. She was three-up at the turn after firing a two-under 36 and was two under the regulation for the 15 holes required.

Raising Hogs In Ozarks Calls For Roundup In Brush

Jerseyville—Mr. and Mrs. Harry Coop, Sr., have returned from a motor trip to the vicinity of Eminence, Big Springs and Willow Springs, Mo., where they visited relatives during the week of August 15th.

The part of the county, Coop reported, where his relatives live is posted as open range country, and hogs and cattle range through the broken country at will.

"Every hog raiser has a mark which is registered with the county clerk," Coop related.

Coop told of an experience had by one of his relatives. A firm in Kansas City bought 4500 acres of the Ozark country and put several dozen brood sows on the premises. From time to time, the pigs were caught and the county mark of the owners clipped to their ears.

After a long time passed, the Kansas City people decided on a hog roundup. They tried to gather the hogs for shipment, and after three days effort succeeded in getting one truck load caught and ready for shipment.

The effort was too strenuous for the city individuals and they began looking for someone to take over and round the hogs up on a fifty-fifty basis. A couple of cousins of Coop were given the contract.

"In one month, my two cousins rounded up enough hogs to make \$1800," Coop reported.

Ashland Schools To Reopen Next Monday Morning

Ashland—The Ashland high and grade-school will open Monday, Aug. 29th, for one-half day of school. High school registration will be held Friday Aug. 26, with seniors and juniors, 9 a. m. to 12 noon and sophomores and freshmen, 1 p. m. to 4 p. m. The school buses will make their first run on Friday, Aug. 26, and the school lunch program will start, Aug. 30.

Mrs. Kitty Sinclair entertained the Past Worthy Matron's club of Elizabeth Elmore chapter at her home here. Mr. and Mrs. Wm. G. Gerbing have returned to their home in Dav- enport, Iowa, after a few days visit with friends. They formerly resided here. Mrs. Frances Bunting of Detroit, Michigan, is visiting at the home of her parents Mr. and Mrs. Romay Norris. Mr. and Mrs. Howard Houston and children and Mr. and Mrs. Paul Hammack and daughter spent Sun- day afternoon at the home of Mr. and Mrs. Everett Byrd near Hardin.

To spread human disease, a mos- quito must bite a sick man and then then bite a well man.

FAMILIES TO HOLD COMBINED REUNION

The twenty-third Berry-Sharp re- union and the eighteenth Leach re- union, combined, will be held Sun- day, Aug. 28, at the Pleasant Hill community building two and one- half miles northwest of Girard, Ill. A basket dinner will be served at noon. An afternoon entertainment program will be given.

English Teacher Added to Faculty At Carrollton

Carrollton—Miss Helen Harrington of Arcola has been engaged as En- glish teacher by the Carrollton High school. She will teach English I and II and speech. Miss Harrington is a graduate of Eastern State Teachers' college at Charleston and for the past three years has taught in the Villa Grove High school. She succeeds Richard Tendick, who resigned to accept a position on the faculty of the Jer- seyville Township High school. Only one vacancy, that of music teacher, remains in the high school teaching staff.

Sportsman Club Fish Fry Aug. 26 At Glasgow Park

Glasgow—The Glasgow Sports- man's Club will have a public fish fry in the village park Friday after- noon and evening, Aug. 26, with serving scheduled to start about 4 o'clock.

There will be plenty of hot fish, good food and entertainment. Dan- ny Sloofoot and his radio stars from Carthage will be on hand to enter- tain during the evening. There will be contests and prizes for young and old, and rides for the kiddies.

In compliance to a last-minute change in the arrangement of grades to be taught here in the grade school this year, the local fourth grade composed of only one pupil, will be sent to the Alsey grade school on the school bus, and the local seventh grade, composed of seven boys, which was taught at Alsey last year, will be returned to Glasgow this year.

This exchange lightens the large enrollment in the seventh grade at Alsey, and also balances better the enrollment in the two rooms of the local school.

Those donating to the Glasgow Cemetery Association fund since the last published list, are as follows: James Barnett, Peoria, \$5; Mrs. Russell Norman, Winchester, \$1; Ernest Hammon, Winchester \$1; Mrs. Mildred McEvers, Patterson \$2.

GET IN THE FIGHT AGAINST POLIO
 AND DISEASE
 Health authorities say neither DDT nor any other chemical pest controller can be a substitute for sanitation, and effective community sanitation begins in the individual home. To eliminate flies, which have been proved carriers of the dread polio virus, the flies breeding places must be eliminated. Exposed garbage has long been a favorite breeding spot for flies and other pest. Underground garbage receivers provide the sanitary, fly proof way for storage of garbage. Available at F. J. THE STORY: Expected by her family to marry wealthy Barry Hamilton, Gaynel Tene is reluctant to accept his proposal because she is also fond of Fritz Freeman, a young newspaperman. Gaynel's mother, whose varied enthusiasms are currently centered on the Little Theater movement, is a widow and Gaynel is the breadwinner for the family. Fritz cannot support Gaynel, her mother and Gaynel's younger sister Pat and younger brother Denny. While vacationing aboard Barry's yacht with Gaynel and her mother, Pat is attracted with a suddenness to Barry and Gaynel's life by having a door down to the yacht to perform an emergency operation. As a result, Gaynel has decided to give Barry the answer he wants.

XVI
BUT it was some time until Pat was entirely well. There were those anxious weeks when she could think of nothing except her little sister, for Pat had a hard time of it. Had it not been for Doctor Carle she might not have pulled through, though now—thank God—she was home again and making a rapid recovery and the world was back to normal once more.

Emily insisted this miracle was due entirely to Barry. Had it not been for Barry, Pat would have died. "To think," Emily said eloquently, rather enjoying now her tragic mother-role, "that had it not been for darling Barry I would no longer have my precious baby with me."

"You may not have her with you now," Gaynel said brutally, "unless you get Melvin out of this house. Mother, Pat can't bear the sight of him. You'll have to discontinue this Little Theater business until Pat's entirely well."

"But darling," Emily protested, "just when we've made such a lovely start! Melvin says he knows we'll make money on the next play. This time it won't be so frightfully hot and trying, with summer nearly gone. And besides, darling, I really can't see now we

possibly can bother dear Pat when everything is away off the third floor."

Gaynel said, "That's just it. Everything isn't." Her mouth set in its stubborn line; she was not going to be run over this time. "When I came home yesterday, I found Melvin outside Pat's door."

"The dear boy! Always so thoughtful. He'd stopped, I presume, to inquire about the sweet child. And if he was outside, I really can't see"

"He was outside," Gaynel said, "because Pat threw a shoe at him. He can keep his inquiries to himself, or make them when Nurse Johnson is present."

"A SHOE!" Emily's arched brows were incredulous. "I do think, darling, that both you and Pat are a bit unfair to poor Melvin. I can't see why you don't like him."

"If you must know," Gaynel enlightened her, "it's because your precious Melvin has too many ideas."

"Dear me," Emily said. "Why should he? I can't understand Melvin. Pat is just a mere child."

"Pat is 14. It won't be long before a lot of men—Melvin's sort—will think she's grown-up. That's why, Mother, you should be more particular as to whom you bring into your home. But now the point is that Melvin and all the rest are to stay away until Pat's well again."

"Of course, darling, since you're so determined. . . I can't understand Melvin, though. When I've done so much for him. . . Emily gave in gracefully, but she still wore her pained, bewildered expression.

There were other matters pertaining to Pat's illness that troubled Gaynel. Besides the terrible anxiety, there had been the tre-

World's Double-Deck Roof Studied
State College, Pa. (AP)—The zone where guided missiles will travel has a double-deck roof, extending completely around the earth. The lower deck is a layer of air filled with electrons and is about 18 miles thick. The upper is about 60 miles thick, made of the same kind of air. The lower deck is about 100 miles above ground, the upper about 150. The electrons are the same stuff that form the current in electric wires.

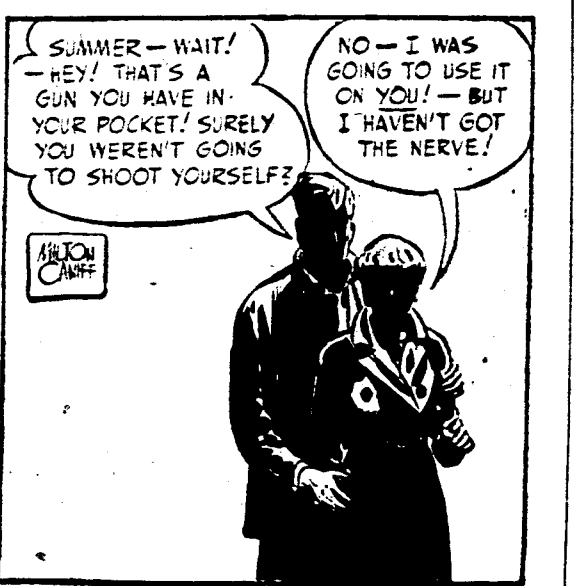

The Pennsylvania State College is studying this roof for the U.S. Air Force, because the layers affect long-range guided missiles. Little is known about their effects on the electronic controls of a flying bomb.

The double decks are not fixed in position, but fluctuate up and down. The heights and densities (the amount of floating electrons) are different at night than in day. They also vary for other, irregular causes. They are broken at times by magnetic storms from the sun. The northern lights, or auroras, also give the decks a beating. All these changes are recorded at Penn State.

The cedars of Lebanon, forests which once extended 100 miles along the Lebanon mountain slopes overlooking ancient Tyre and Sidon, have now virtually disappeared.

The cedars of Lebanon are closely related to cedars in the Atlas Mountains of North Africa and other cedars in the Himalays, but are different from American cedars.
